LOCATION: Mai Pha, French Indo-China

DATE: 24 September 1940

The 23 naked morning, the land of aviation of Langson is bombards and given back inutilisable. To the East of mentions it, the village of Loc Binh must be evacuated under the hostile pressure. To the west, an important column of infantry and chariots passed the crossroads of Dong Dang and commit full south. Several counterattacks are undertaken. Among these, the 1/1th Regiment of Skirmishers Tonkinois tempts to interfere between Langsons and Japanese who take down the course of the Song Ky Kong since Loc Binh. Unfortunately, this battalion, manoeuvrant in difficult land, loses all contact with the commandement and let this flank discovered. To block this access known sudest, the Illeme Company of the III/9th Regiment of Colonial Infanterie, parked has Langson takes position before the village of May Pha the 24 in the afternoon.
